Accident and Sickness Insurance Information

Central Florida Council now provides Accident and Sickness Insurance to all packs, troops, teams, crews, and ships.

The Accident and Sickness Policy is the same policy units have had the option to purchase during re-charter in the past. *Just like the policy a unit could purchase, this policy serves as secondary coverage, not primary.* This means coverage only picks up after your own personal health insurance.

The Central Florida Council is pleased to be able to extend this added benefit to all of its units. This is made possible due to strong Friends of Scouting campaigns conducted across the council in Packs, Troops, Teams, Crews, Posts and Ships.

A legal description of the coverage and a claim form can be found online at www.cflscouting.org.
