

The training opportunities listed below are for all Boy Scout leaders serving on the troop committee or who want information about how troop committees operate. Youth Protection training also required. All training required for troop committee members can be found online by signing into your my.scouting.org account, clicking on My Dashboard, then Training Center, but it is highly recommended that all Boy Scout adult leaders attend instructor-led classroom training so that questions can be answered by knowledgeable instructors. Fast Start training for new Boy Scout leaders is also in the Training Center. FS not required, but recommended.
